RE-TRAIN IN SAGE X3

Do you already have experience working with another ERP (Microsoft Dynamics, Netsuite, Infor, Oracle, SAP) or legacy system and would like the opportunity to re-train and develop your career with a leading edge product?

If the answer is YES. We would like to hear from you.

JOB OVERVIEW

We have a fantastic new job opportunity for an experienced Supply Chain ERP Consultant that has successfully completed a number of implementation projects.

The Company is a growing ERP Specialist Consultancy that is currently expanding its Team based in North West England. Due to this new growth they are now looking to recruit an experienced Supply Chain ERP Consultant.

As the Supply Chain ERP Consultant you will get to work with the latest Sage technologies, carrying out implementations across key distribution and manufacturing modules.

The successful candidate will have a great opportunity to work with Sage's flagship ERP product as it enters an exciting period of its evolution and growth in the UK. Full training will be offered alongside a close working relationship with Sage.

As the Supply Chain ERP Consultant you will become a key lead for some exciting projects and will be part of a dynamic growing team with big growth plans around Sage x3.

An attractive salary package will be offered for the right candidates
